

TOWN OF LOS ALTOS HILLS

RE: SOIL EROSION AND SEDIMENTATION CONTROL PLAN

Two copies of the soil erosion and sedimentation control plan (24"x36") shall be submitted by the property owner for review and approval by the City Engineer prior to acceptance of plans for building plan check.

The DETAILS of the Fiber Roll shall be included in the soil erosion and sedimentation control plan.

Notes: (to be included on the plan)

1. Erosion control measures shall conform to ABAG standards, Town standards and the approval of the Town's Engineering Department.
2. All materials necessary for the approved erosion control measures shall be on site by September 15th and in place by October 1st.
3. Erosion control systems shall be installed and maintained throughout the rainy season, or from October 1st through April 30th, whichever is longer.
4. In the event of rain, all grading work is to cease immediately and the site is to be sealed in accordance with the approved erosion control measures and approved erosion control plan.
5. The contractor shall be responsible for checking and repairing erosion control systems after each storm.
6. Projects must have all cut and fill slopes protected by and disturbed areas by one of the following measures or the combination of them: temporary seeding and mulching, permanent seeding and mulching, hydromulching-hydroseeding, erosion control blankets/geotextiles, and fiber rolls;
7. Any areas of disturbed soil shall be seeded or replanted to the satisfaction of the City engineer prior to October 1st, or final inspection, whichever is sooner.
8. Additional erosion control measures may be required as determined by Town's Engineering Department or Building Officials.
9. Projects shall prevent any accumulation or deposit of dirt, mud, sand, rocks, gravel or debris on the surface of any street, alley or public place or in any public storm drain system.

Failure to implement erosion control measures during periods of rainfall may result in a prohibition of any additional construction during the remainder of the rainy season.
